M-TIP Testing Assessment

By assessing the Test Report, Mastercard has found reasonable evidence that the chip acquirer system and terminal configuration, referenced as “Product”, sufficiently complies with the Specification References to be deployed by the above mentioned Acquirer, according to the below listed terms, under the assumption that, as applicable, Acquirer, Retailer, Member Service Provider, Contactless Product Vendor and Terminal vendor are Mastercard registered entities.

Any change to the Product must be notified to Mastercard. Upon Mastercard request, the Acquirer shall (i) provide information related to changes to the Product and (ii) run the latest Field Interoperability tests and/or additional Mastercard specified tests. Failing to comply with such notification or request(s) may result in this Letter of Approval to be terminated by Mastercard.

Specific Terms	
Waiver(s)/Variance(s)	None
Warning(s)	M-TIP was not performed with the latest TIP Test Set Version currently published on Mastercard Connect at the time of the LoA issuance. As per Customer Interface Specifications and Single Message Specifications, DE61 SF11 must indicate the actual terminal capabilities for reading data from the card and must be set consistently to a same value for all transactions. It has been noted that the value is not compliant with the specifications, the value 3 is the correct value for this terminal. An update is highly recommended before any deployment.
Restriction(s)	There is a known issue with the Relay Resistance Protocol (RRP) implementation on some terminals implementing Mastercard Contactless Reader v3.1.1.or EMV Book C-2 v2.6 specifications. Some terminal vendors have now made available a corrected version of their kernel. Mastercard wishes to ensure that the acquirer is aware of this issue and agrees that: - Only the corrected kernel will be deployed OR - The current kernel version will be deployed with RRP disabled and a corrected version of the kernel or a later version of the kernel must be deployed before 31st December 2021.

In no circumstances does this Letter of Approval constitute any representation or warranty express or implied regarding the functionality, quality or performance of the Product or of any other product or service provided by the Acquirer, including, without limitation, any implied warranties of merchantability, fitness for purpose, or non-infringement, all of which are expressly disclaimed by Mastercard. In no event shall Mastercard be liable for any special, collateral, incidental or consequential damages or loss of business or profits in relation to this Letter of Approval. All rights and remedies regarding Acquirer’s products and services for which Mastercard has granted this Letter of Approval are the responsibility of the party supplying such products or services and not Mastercard.
